

## We are opening a 120-day comment period to review and revise Boating/Wake Surfing Rules & Regulations!!!

Please review our current boating Rules & Regulations, along with the temporary wake surfing rule that was put in place after an Open Board Meeting. Please submit any comments no later than March 9, 2024.

This is an invitation to submit factual information with supportive documentation (articles, studies, etc.).

Please send your comments and documents to [info@svla.com](mailto:info@svla.com). The Board would like your feedback!

Temporary SVLA Rules and Regulations set by the Spring Valley Lake Board of Directors during the Open Session meeting:

Wake surfing can be defined as a water sport in which a rider trails behind a boat, riding the boat's wake without being directly pulled by the boat. After getting up on the wake, typically by use of a tow rope, the wake surfers will (sometimes) drop the rope and ride the steep face below the wave's peak in a fashion reminiscent of surfing. Wake surfers generally use special boards, designed specifically for wakes.

All vessels towing a wake surfer shall stay within one-hundred feet of the center buoy lines. All vessels will follow the counterclockwise pattern around the center buoy line from the North end of the lake to the South end of the lake.

Effective Immediately
