| Subject: | Meadowlark Park East and West Playgrounds (Playground Wood Chips) | | | | | | | | | |
| From: | Nicolas Gonzalez- Director of Operations | | | | | | | | | |
| Date Prepared: | May 13, 2022 | | | | | | | | | |
| Meeting Date: | May 24, 2022 | | | | | | | | | |
| History: | Meadowlark Park has 2 Playground structures that are filled with playground wood chips. Currently, both areas have a recessed void of an average of 6”-8”. The concrete footings for the playground structures are being exposed because of lack of woodchips. This is a safety concern. Maintenance fills in those voids on a weekly basis. | | | | | | | | | |
| Staff Recommendation: | I recommend Southern Mulch Inc. | | | | | | | | | |
| Support for Recommendation: | SVLA has used them in the past and have had no issues, plus a few hundred dollars in saving’s. | | | | | | | | | |
| Committee Recommendation: | N/A | | | | | | | | | |
