Subject:	Bucket Truck												
From:	Nicolas Gonzalez- Director of Operations												
Date Prepared:	January 11, 2022												
Meeting Date:	January 25, 2022												
History:	Our maintenance department could greatly benefit from having our own bucket/lift truck for various projects around the community. We do not currently have one and this would replace one of our regular work trucks.												
Staff Recommendation:	I recommend Farm Vans Inc												
Support for Recommendation:	Farm Vans Inc has a bucket truck that closest fits our budget. They are also local which would eliminate any shipping costs.												
Committee Recommendation:	N/A
