

The SVLA Public Safety Department offers two types of patrol services.

Extra Patrols

A resident can call or email the Public Safety Department and request an extra patrol of their property. This request is for 72 hours, and it consists of a Public Safety Officer patrolling the area more often throughout the shift.

Residential Checks

This service is for residents that will be on vacation or if the property is vacant for any amount of time. To request this service, residents must contact the Public Safety Department either in-person at 12975 Rolling Ridge Drive, by phone at (760) 245-6400, or by email at dispatch@svla.com. Public Safety Dispatch will further request information regarding your property status (date of departure and return, persons/services/vehicles allowed on property, lights or other security systems present, etc.) and advise you on certain stipulations regarding Public Safety response.
