Having served for just over a year and a half, Ruth Brock has had a significant impact on the Lake committee. She noticed that our lake water quality needed some improvement and chose to jump right into action rather than standby and wish things were different. Her initiative has the SVL community on its way to finding better solutions for shoreline repair, Mojave Fish hatchery's discharge permit, and more! In her spare time, Ruth enjoys playing the guitar, singing, and being a community task force leader in her town of primary residence. Thank you for your tenacity; being willing to do the research for our lake and follow up with the related agencies. We appreciate all the work you've done in such a short time and can't wait to see what you do next!

NAOMI ALLAN, Administration & Lake Management

Happy December! I cannot believe the holidays are upon us along with the cold weather.

We just heard back from County stating that the permit for the new Lake Patrol Office (LPO) has entered the first phase of review. We are excited to hear this as there was quite a bit of back and forth from the County requesting additional paperwork along the way. We are truly hoping to see an approval on it sometime this month so that we can move forward and have it completed. Once the LPO is completed, the last step is to have the fuel pump reinstalled.

Now that the floating islands have been relocated to their permanent areas, we have contracted for maintenance to be performed on them to keep them healthy and looking great.

Our team is still working on the doors for the aerator contain-

maintaining SVLA's stature as well as keeping up on regular training videos to ensure we are delivering the best service possible. If you ever notice a maintenance related issue or concern around the community, please call the Association Office (@760-245-9756) and we will do our due diligence to correct the issue(s) or concerns.

ments. They have completed 3 and have a few more to go.

I am sure you heard about us locking in our trout stocking for the year. We have already received two 3,000 pound deliveries and have 4 more deliveries to go between now and February.

Additionally, we have placed an order for some blue gill, red ear, rosey reds and black flathead minnows. The blue gill and red ears are great for eating leeches and keeping them under control; while the rosey reds and black flathead minnows are great forage fish for our larger species of fish in the lake.

We have been doing our best to continue with the lake clean up weekly. If you notice any areas with excessive trash or debris, it is always helpful to let us know. Give the office a call or send an email to maintenance@svla.com. Look in this section to see the most recent lake data that has been gathered.

CODE ENFORCEMENT

Clint Summers, Code Enforcement / Architectural Manager

December always seems to come with an air of wonder and excitement for what the new year will bring. We are looking forward to seeing all the creative ideas the residents come up with this year and hope you enjoy all the Holiday decorations the Association has put up. With the year coming to an end, we like to look back on the last year to get an idea of where we have been to give the residents an idea of what we have done. In The Breeze issues, we have included an extra table showing how many Architectural and Code Enforcement items were opened and closed over the last year.

If you happen to have any Halloween decorations still up, please make sure they are removed as the period for those decorations has passed. We had a substantial increase in residents making changes to improve their homes with

hundreds of more applications becoming submitted this year compared to last. We appreciate all the residents who have been following architectural procedures by asking for approval from the committee before making the changes. I would also like to thank our Citation Review Committee, Architectural Committee, and the Board of Directors who are all comprised of residents of this community; and who are doing their best to help keep our community as the Jewel of the Desert.

We would also like to remind the residents that the November/December open board meeting will be on 12/5/2023 in the Community Center and the Association will be closed for the week of Christmas. Finally, we wish all the residents a wonderful holiday season full of family, fun memories, and new year's resolutions.

LISA FALCETTI, PUBLIC SAFETY DIRECTOR

It's hard to believe another year has come and gone so quickly. As 2023 is almost over, I want to take the time to thank the Spring Valley Lake Public Safety Department for all their hard work and diligence. Every single one of our employees shows great integrity in their day-to-day interactions with residents and co-workers alike. I am blessed to work with such a great group of people that have shown me time and time again that I can rely on them when the community needs them. I also want to send a big thank you to the Sheriff Department, County Fire, CHP, and the COP's for all the support they have given our community and the Public Safety Department. Lastly, I would like to thank the community for your assistance in ensuring Spring Valley Lake remains the best place to live in the High Desert. I wish all of you have a Merry Christmas and a Happy New Year.

Good Work Public Safety!

November 30, 2023, at approximately 0053 hours, the Public Safety graveyard Sergeant was doing his routine patrols and observed an individual leaning inside a vehicle parked in a driveway. The individual immediately left the area and acted erratically while on the phone, walking away from the property. The graveyard Sergeant requested dispatch to contact the

Sheriff's Department to report a possible vehicle break-in and continued to observe the suspect from a safe distance. While the suspect was attempting to leave the area, he dropped papers all over the road. Then a vehicle showed up, and the suspect got inside and sped away. While the individuals were leaving the community, they threw various items out of their vehicle and ran all stop signs. The Sergeant was able to get the license plate of the vehicle and reported it and the vehicle's direction of travel to the Sheriff's Department. The graveyard officers were able to retrieve all items that were dropped and return them to the owner. The owner was thankful for all the items being returned and advised the vehicle was left unlocked.

Please remember, thieves are looking for an easy opportunity to steal stuff. Take a few extra minutes to remove all belongings from your vehicle, and make sure all windows are up and doors are locked. If possible, have motion lights that will turn on when there is movement and cameras that capture good, clear angles of your vehicle.

Because of the Brave

Since September 28, 2018, the founder of the SVL Veteran's Monument, Robert Read, maintains the implementation of the ground plaques honoring the many branches of the armed services. Robert is among the many Veterans who show passion to these deserving brave men and women of the Armed Forces. Robert presented his idea to the past General Manager of the country club, Dave Russo, who donated the land for this very purpose. Since then, the idea of the plaques has grown, while adding to the beauty and community feeling here in Spring Valley Lake

On Veteran's Day, this year, Robert organized a dedication to a High Desert family and invocation for a young brave soldier, Tyler Shelton. Tyler was serving his country, when on August 27, 2020, after his deployment to Afghanistan where Tyler earned numerous awards and decorations, the Black Hawk helicopter he was training in, went down; and Tyler and one other soldier lost their lives.

The dedication was attended by

Tyler's widow, Alex and other family members, all who came from places other than the High Desert area. In all, twenty-three family members were seated for the invocation and then dedication.

Steve Colucci organized the music and announcements during this time. After The Pledge of Allegiance, Robert introduced Tyler's Widow, Alex and Tyler's Mom, Misty. Robert presented the dedication plaque and Alex expressed her gratitude to the community members of Spring Valley Lake and Robert Read for continuing to remember Tyler as the brave soldier he was.

Robert chose appropriate music for the invocation, such as, He Ain't Heavy, He's my Brother and Band of Brothers.

The Veteran's Monument is not the only achievement in the direction

of American Veterans that Robert started. He proposed the flags flying on our median and continues this effort for each flag waving event. Robert also established a program whereby spouses of Veteran's could take courses at col-

leges utilizing Veteran benefits.

Many Spring Valley Lake residents have benefited from the platforms Robert has put into place to make our community stand out from the others.
