

Hay Ho from the EQ

THE OFFICIAL BI-WEEKLY NEWSLETTER OF SPRING VALLEY LAKE'S EQUESTRIAN ESTATES

Next Meeting

The May Equestrian Estates Meeting has been cancelled due to the rescheduled Board Meeting.

Where do horses go for fun?

Co-Neigh Island

Reminder for Boarders

Please remember to notify the Maintenance team at maintenance@svla.com whenever you have:

- Farrier appointments
- veterinary appointments
- any other appointments or services that will use the barn aisle or require a quieter environment.

This helps SVLA ensure that barn-related projects are not scheduled during those times so we can best accommodate both your horses' needs, our staffing, and project schedules.

We also ask that trash cans and their contents are not dumped onto the ground in the barn aisles or surrounding areas. Trash and debris on the floor add unnecessary work for staff and can create a tripping hazard, especially at night when PSD and staff are doing walkthroughs.

Restroom Project

PA Design is scheduled to complete the restroom drawings by May 18. pending Grant Deed information and Legal description.

EQ Parks

Irrigation repairs and re-seeding are in progress. Additional watering time will be needed to support turf recovery. A leveling estimate is still pending.

Stalls Closed

Due to safety concerns, renting stalls at the Equestrian Center is currently on pause as we approach the roof construction project.

Stalls will be available for rent when the project is completed in early June.

We thank you for your understanding during this time.

Boarder Vaccinations

Please make sure the Association Office has the most current vaccine records for your horse.

They are to be updated annually.

Who is a horse's favorite painter?

Mo-Neigh

Bridges Update

The BAI has been submitted.

EQ Roof

Work is scheduled to begin on May 18, starting with the main barn.

Stables Painting

Painting and general maintenance of the stalls will be performed during the roofing repairs.

Arena Footing

In Process.

Weeds

Friendly reminder from Code Enforcement - Keep an eye out for weeds and remove them early so they don't take over your yard or garden!
